

SAT & ACT Reading and Writing Test Skills Program

Do you want to improve your SAT or ACT scores? Learn test techniques and valuable tips that will help you navigate through the SAT or ACT quickly and accurately. Instructors with over 25 years experiences in the test preparation field will walk you through the English, Reading and Writing sections, providing specific strategies that will allow you to score the most points in the least time. Learn how to avoid long calculations and how to spot deceptive answer choices. You will review relevant English necessary to perform at a higher level. You will practice on recent, official SAT and ACT practice tests and learn how to reduce test anxiety and get the target score you want.

【COURSE DESCRIPTIONS】 Students will review all of the verbal areas of the SAT and ACT, including SAT Reading, SAT Writing/ Language, ACT English, ACT Reading and Essay writing. Students will learn valuable reading comprehension techniques and strategies for fiction, nonfiction, historical and contemporary passages. Students will review all of the relevant grammar rules and rhetorical concepts that are tested and how to approach each type of question. Students will learn how to write essays that achieve top scores. Students will practice on samples of official SATs and ACTs that have been previously administered. All classes will be taught by Seeley Test Pros instructors.
